

Bilag – Heatmaps over aktiviteter på Dott-delecykler

Følgende bilag indeholder 1-3 kort over hver af de 9 kommuner, der illustrerer brugen af delecyklerne.

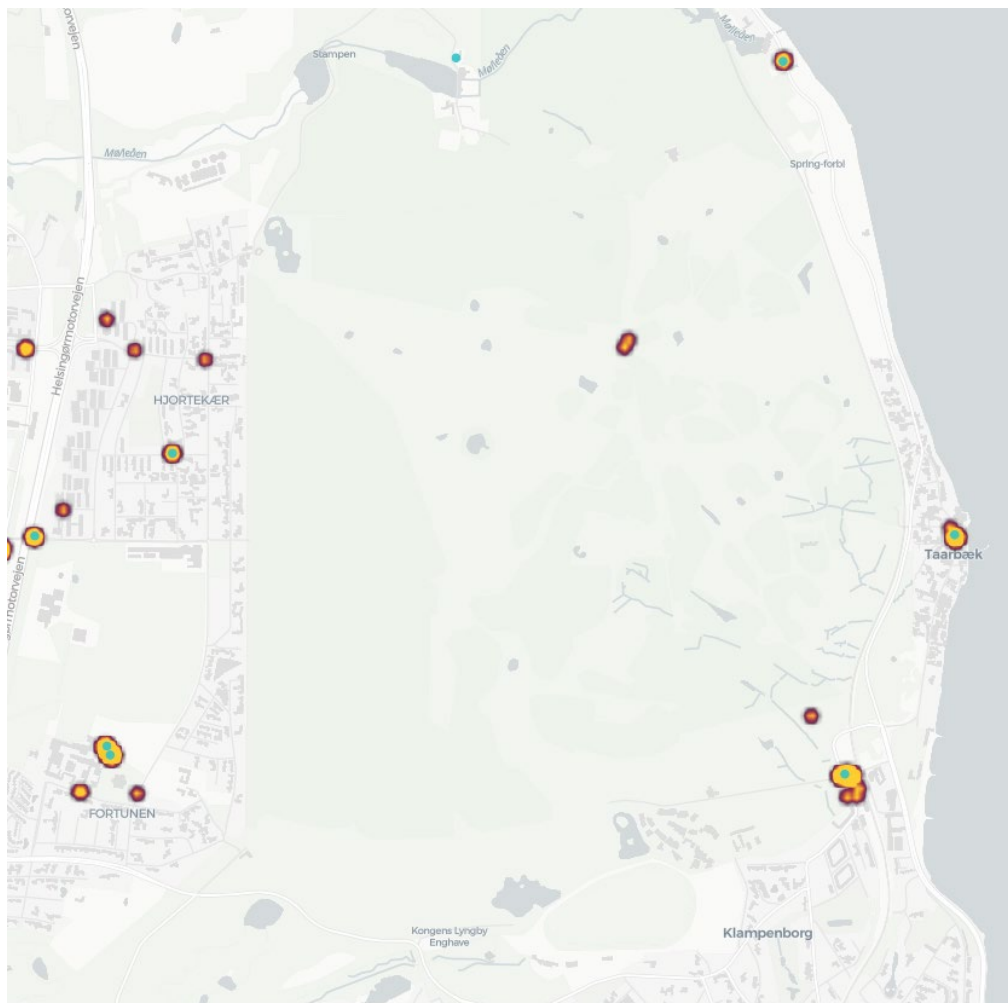

Brugen illustreres ved rød-gule markeringer – jo større og mere gul markeringen er, desto flere ture er startet i det pågældende område. Placeringerne af hubs, hvor cyklerne skal afleveres, er markeret med turkise prikker.

Data er for perioden februar til og med april 2025.
